

# Welcome

## 4th ICAT Workshop

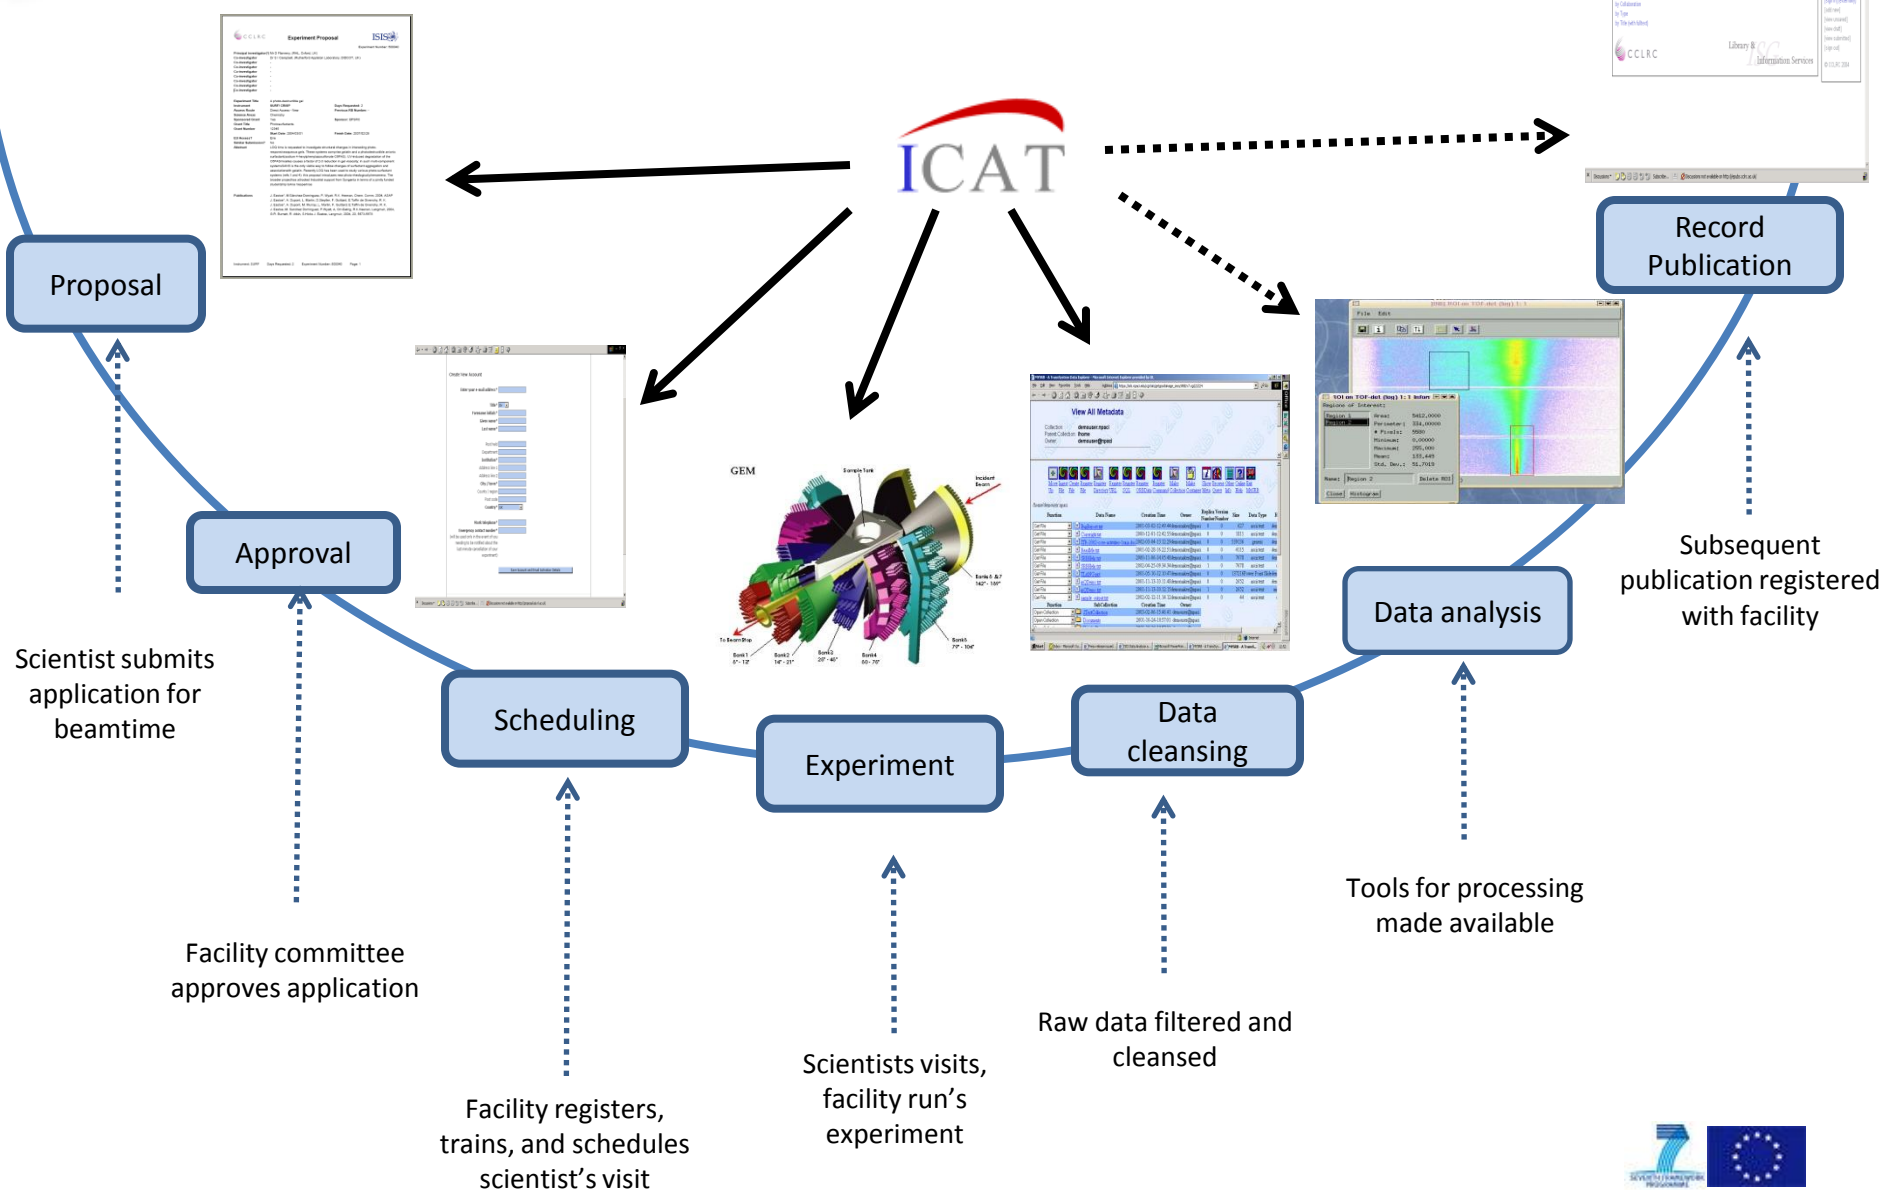

ILL - 20th March 2012

# WIFI access

SSID : Visitors

Username : icat2012

Password : betocafi

# The Aim of this meeting is to go forward

- Create a bridge between the Icat project Team and the EU projects (CRISP and PANData-ODI);
- Each other should better understand the constraints, the needs and the added value of the other party:
  - ICAT is not a commercial product with B€ budget.
  - The EU projects have been funded for specific achievements.
- Try to define the way we will collaborate practically and rich success together.

<b>Start Time</b>	<b>Subject</b>	<b>Speaker(s)</b>
